

Disposable Crown & Bridge Articulators

Buffalo Dental is pleased to announce the availability of disposable crown & bridge articulators in value packages of 50 pieces or bulk value packages of 1040 pieces.

Each two-piece articulator is manufactured of tough, clear plastic to improve strength and accuracy, and is individually wrapped for increased protection.

The articulators are ideal for basic case presentation and functional evaluation purposes.

The articulators are available directly from your favorite Dental or Laboratory Products Dealer, or contact Buffalo Dental for more information.
