

X35 Premium Electric Lab Handpiece System

**Improved Classic 0-35,000 RPM High-Torque System
Serving Thousands of Satisfied Customers**

Improved!

- **Upgraded Handpiece**

The new black signature handpiece features an improved heavy-duty spindle, upgraded bearings, and more durable square carbon brushes, providing smoother operation and increased reliability

- **Improved Console *Made in USA!***

The upgraded control console features dual power outlets allowing fast and easy switching between two separate handpieces as desired (one handpiece included with system), saving time-wasting tool changes. Added overload protection helps protect the handpiece from damage during extended heavy grinding

- **Superior Control**

The system provides exceptional control at ultra-low Rotational speeds, high torque cutting power, and fully variable speed from 0-35,000 rpm. The X35 comes complete with a fully variable speed foot control for added versatility

- **Heavy Duty Construction**

Components and system designed to provide reliable and trouble-free operation. One year warranty

- **Sizes**

Handpiece: 6 in. (153 mm) Long x 1 1/8 in. (29 mm) Major Diameter, 5/8 in. (16 mm) Nose Diameter x 9.5 oz. (270 gm) Weight
